

Concrete skills since 1972

The background image shows a construction site for a concrete repair. At the top, there are wooden planks of formwork. Below them, a concrete slab is visible, with a section removed to reveal a rough, aggregate-filled repair area. A person's hand is visible on the left, pointing towards the repair. The text 'SBK' is overlaid in large white letters, with a logo to its right. Below 'SBK' is the text 'REDURITEMETODEN'. At the bottom, a line of text reads 'Hållbara reparationer med Reduritemetoden'.

SBK

REDURITEMETODEN

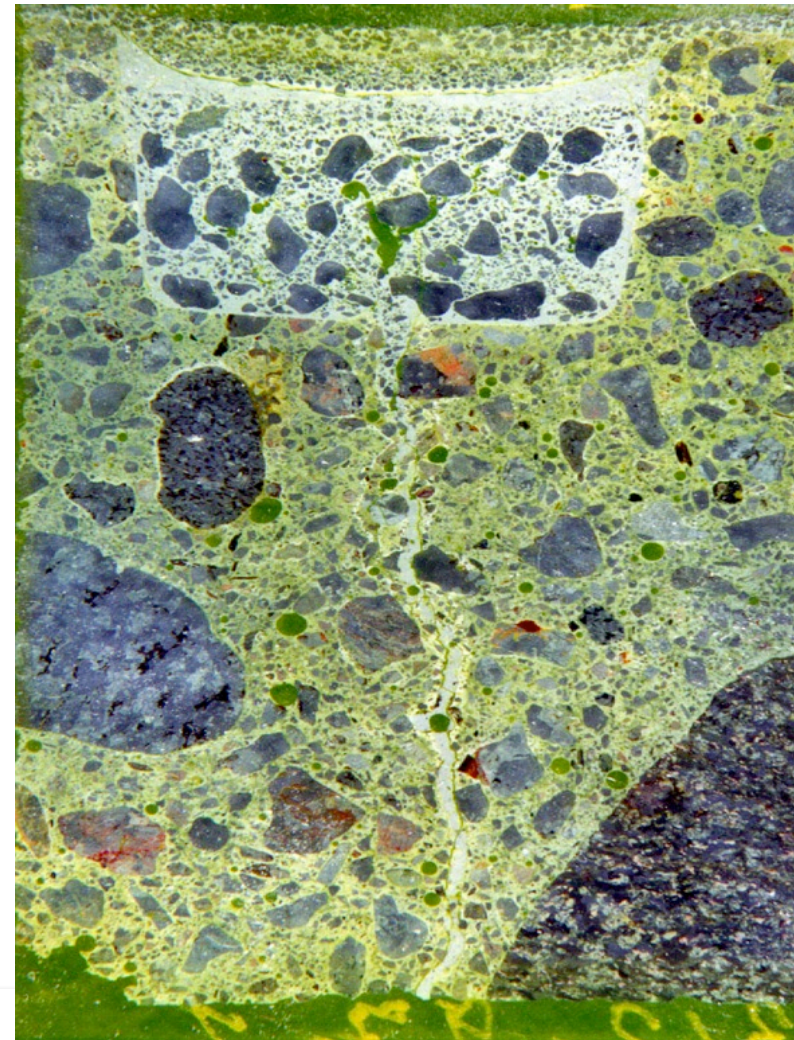

Hållbara reparationer med Reduritemetoden

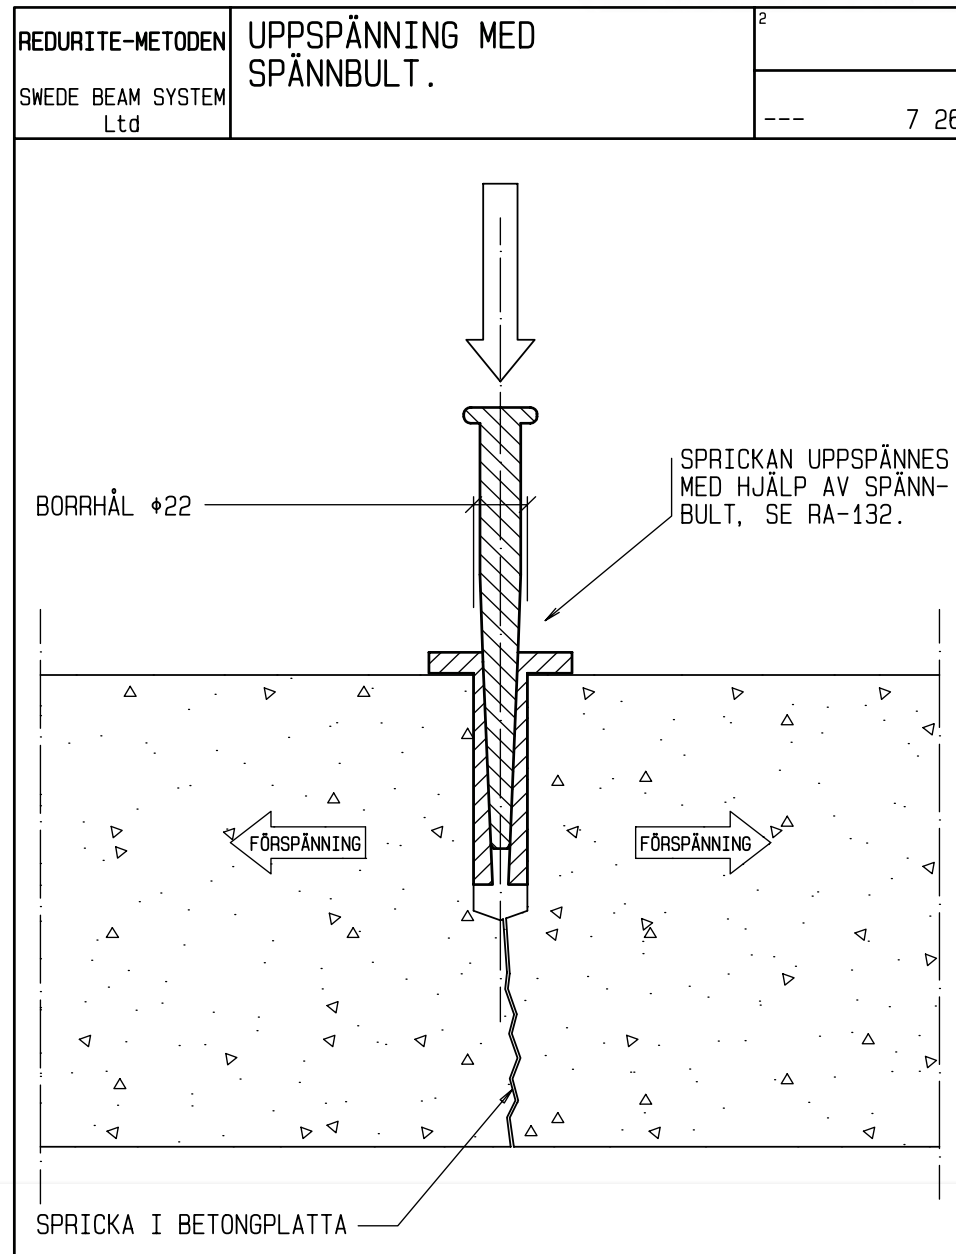

AKTIV SPRICKLAGNING

Grova sprickor i konstruktionsbetongen lagas för gott genom aktiv spricklagning med ökat livslängd som följd

Dahrentråd, Jonslund

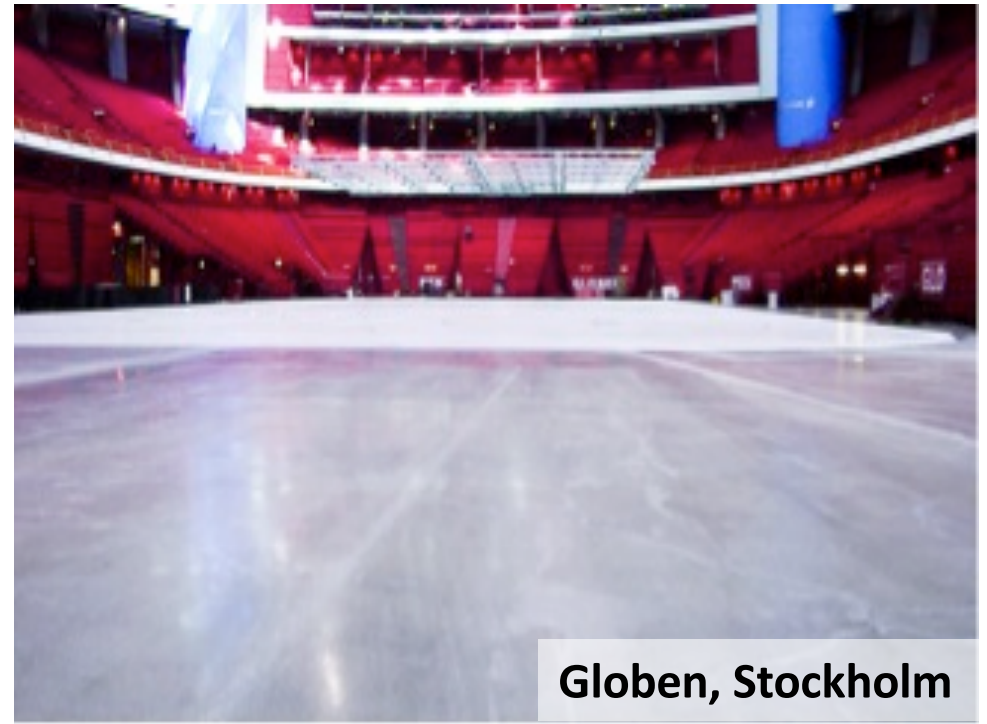

Globen, Stockholm

AKTIV SPRICKLAGNING

Över 30 000 m sprickor har reparerats enligt redurite-metoden

Globen, Stockholm
